RULES AND REGULATIONS OF LAUREL MEMORIAL PARK, INC.

Laurel Memorial Park, Inc. is a non-profit cemetery incorporated under the laws of the State of New Jersey. These RULES AND REGULATIONS OF LAUREL MEMORIAL PARK, INC. ("the Cemetery") have been adopted to secure and promote the mutual benefit and protection of the owners of the interment spaces and the Cemetery.

All owners of interment spaces in the Cemetery, visitors, and persons performing work shall be subject to these Rules and Regulations, in addition to any revisions or amendments, which shall be duly adopted by the Cemetery from time to time.

DEFINITIONS

BURIAL: The in-ground disposition of human or cremated remains.

CEMETERY: Shall mean Laurel Memorial Park, Inc., its authorized representatives, and employees, as well as its real and personal property.

CERTIFICATE: Shall mean the document of conveyance issued by the Cemetery to the purchaser which evidences the purchaser's right of interment in an interment space.

CREMATION: The reduction of human remains to incinerated remains through the process of heat and evaporation.

CRYPT: A space in a mausoleum used to entomb human remains.

DEED: See CERTIFICATE

DISINTERMENT: The removal of human or cremated remains from an interment space.

GRAVE: Shall mean an area of ground plotted on cemetery maps used for the burial of human or cremated remains.

INTERMENT: The disposition of human remains by:

a. Burial of human or cremated remains in the ground.
b. Entombment of human or cremated remains in a crypt.
c. Inurnment of cremated remains in a niche.

INTERMENT SPACE: Shall mean a grave, crypt, or niche.

MEMORIAL: Shall be defined as a grave monument, marker, bronze plaque, private mausoleum, or other private structure used for memorializing the dead.

MEMORIAL PARK OR LAWN SECTIONS: Shall mean sections, which are designated on the maps of the Cemetery in which only flat bronze memorials may be installed according to the specifications as they appear in the Rules and Regulations of the Cemetery. Private mausoleum lots will be permitted at the locations designated by the Cemetery.

MONUMENT SECTIONS: Shall mean sections, which are designated on the maps of the Cemetery in which granite monuments may be installed according to the specifications as they appear in the Rules and Regulations of the Cemetery.

NICHE: A space in a columbarium or mausoleum used for the inurnment of cremated remains.

Parking of vehicles shall occur only in designated parking areas or in such a manner which shall not impede the free flow of traffic.

1.6 CONDUCT ADVERSE TO THE PURPOSE OR OPERATION OF THE CEMETERY: The Cemetery has the right to prohibit any conduct which, in the sole and absolute discretion of the Cemetery, is adverse to or inconsistent with the operation and purpose of the Cemetery.

- Such conduct which is prohibited includes, but is not limited to, the following: open fires, barbecuing, burning of materials, the possession and use of weapons, and the consumption of any alcoholic beverage.
- If the possession or consumption of any food or beverage in the Cemetery shall constitute a health hazard, a nuisance, or a detriment to the operation of the Cemetery, it can be prohibited.
- Nothing herein shall preclude the ceremonial burning of joss paper or incense in a small burn barrel in connection with recognized funeral customs.

1.7 PROHIBITIONS: The following are not permitted in the Cemetery:

- SOLICITATION OF SALES of ***any*** item or thing is prohibited.
- BALLOONS & SIGNS
- PLANTING, PRUNING, REMOVING OR MOVING TREES OR SHRUBS IS PROHIBITED anywhere in the Cemetery, including on graves, plots, lots, by anyone except the Cemetery.

- SHRUBS, PLANTS, FLOWERS, AND DECORATIONS CANNOT BE MOVED from Cemetery property to a lot/plot/grave and cannot be moved from one grave/plot/lot to another.
- PETS
  Nothing herein shall preclude the entry of a person with a bona fide service animal or an emotional support animal, provided the person who brings the service animal or emotional support animal is responsible at all times for (i) keeping the service animal or emotional support animal on a leash, (ii) maintaining proper control over the service animal or emotional support animal, and (iii) cleaning up after the service animal or emotional support animal.

1.8 NO LIABILITY: The Cemetery is not liable for stolen or damaged personal property.

1.9 FUNERAL DIRECTORS are required to:

- Maintain order in the Cemetery during funeral services.
- Provide all information requested by the Cemetery relating to interment, disinterment, heirship, and authorization.
- Act as a liaison between the lot owner, person in charge of the interment or disinterment, and the Cemetery, and as such, shall be considered the agent of the lot owner or authorized person at all times.
- Conduct themselves in a proper and appropriate manner in all aspects of the Funeral Service and interactions with the staff of the Cemetery and strictly adhere to the NFDA Code of Professional Conduct while providing funeral services at the Cemetery.
- Any Funeral Director who fails to conduct themselves in a proper and appropriate manner or violates the NFDA Code, as determined solely by the Cemetery, shall be prohibited from conducting funeral services at the Cemetery.
- If a Funeral Home is indebted to the Cemetery, the Cemetery has the right to refuse to perform any burials handled by the Funeral Home until the debts are paid.

1.10 DIRECT PAYMENTS: The Cemetery will only accept direct payments for any grave or opening charges, in the form of a certified check, cashier's check, money order, bank check, credit card, or debit card.

1.11 WORK PERFORMED BY THE CEMETERY: All work performed by the Cemetery, including but not limited to the rehabilitation of grave spaces, the setting, resetting, alignment, or reinstallation of memorials, and all other Cemetery-related services, shall be completed in accordance with Cemetery standards and practices. The Cemetery:

- Shall determine when the work is satisfactorily completed.
- Makes no guarantee that it will provide any services during times that require overtime charges.
- Has the right to impose additional charges upon the lot owner for the care and maintenance of specific interment spaces.

1.12 ALL PERSONS DOING WORK IN THE CEMETERY:

- All such work must be under the supervision of the Superintendent of the Cemetery.
- When trees or shrubbery are in the way of contemplated improvements, notice must be given to the Cemetery Office prior to commencing work.

- When heavy material is to be moved, planks must be laid on the paths or grass affected in order to protect the same from damage.
- All rubbish made by outside contractors or others employed by owners of plots, lots, graves, crypts, or niches must be removed immediately.
- Upon failure to comply with this rule, the Cemetery may give the last owner of the interment space notice to rectify the situation.
- CERTIFICATE OF INSURANCE PRIOR TO COMMENCING WORK IS REQUIRED:
    - All outside contractors, monument dealers/companies, and vault companies, wishing to do any work in the Cemetery must first present to the Cemetery a current Certificate of Insurance from an insurance company authorized to do business in the State of New Jersey, and in such form as is satisfactory to the Cemetery indemnifying it against any damage which they may cause to the property of the owner of the plot, lot, grave, crypt or niche, or the property of the Cemetery. At all times during the performance of their work, such persons or entities must maintain an up-to-date insurance policy that insures against public liability for personal injury or death, with such limits as the Cemetery may specify.

1.13 NOTICE TO OWNERS: Any necessary/required notice to the owner of a plot, lot, mausoleum or any part thereof, or interest therein, or of any grave, crypt, or niche, shall be sufficient if sent by ordinary mail addressed to the individual at his legal address on file in the Cemetery office.

1.14 NOTIFICATION OF CHANGE OF OWNER CONTACT INFORMATION: It is the obligation of the owner of a plot, lot, mausoleum or any part thereof, or interest therein, or of any grave, crypt, or niche to notify the Cemetery of a change in his mailing address, email, and/or phone number. Such notice must actually be received by the Cemetery.

1.15 DISCLOSURE: By purchasing an interment space at the Cemetery, the purchaser shall authorize the public disclosure of the name of the decedent of the interment space and location on the Cemetery's website.

1.16 RIGHT OF AMENDMENT: The Board of Trustees reserves the right to change or amend these Rules and Regulations at any time and such changes shall be binding upon the owner of a plot, lot, mausoleum or any part thereof, or interest therein, or of any grave, crypt, or niche without a formal notice of such change or amendment.

1.17 RIGHTS OF WAY AND EASEMENTS: The Cemetery reserves unto itself easements and rights of way, under, through, and over the Cemetery grounds and any and every part thereof for the purpose of laying, maintaining, and operating, or altering or changing pipelines, conduits, gutters and/or operating, or altering drains for sprinkling systems, drainage, electric or communication lines, or for any other purpose. The Cemetery further reserves unto itself, and to those lawfully entitled thereto, perpetual right to ingress and egress over and all plots, lots, graves, crypts, niches in the Cemetery for the passage and repassage.

2.0 OWNERS RIGHTS

2.1 CONVEYANCE OF INTERMENT: The conveyance of interment space in the Cemetery confers only the right of interment therein.

2.2 USE OF LOTS: All lots shall be used only for the interment of human or cremated remains.

2.3 CERTIFICATE/DEED: The Cemetery shall issue a Certificate/Deed to the owner of a right of interment only after full payment of the purchase price and all other charges have been made.

- The Cemetery may permit reasonable restrictions to be placed on the Certificate/Deed by the owner, provided the restrictions are typed on, or attached to the Certificate/Deed by the Cemetery and the owner's written request for the restrictions are made a permanent record of the issuance of all Certificates/Deeds. However, Certificates/Deeds shall not be recorded at the registrar's office of Atlantic County by anyone.
- The Deed/Certificate of Conveyance is made subject to the Cemetery's Rules and Regulations. Any verbal statements or representations made by any employee or representative of the Cemetery which are inconsistent with these Rules and Regulations are not binding on the Cemetery.

2.4 UPON THE DEATH OF THE OWNER OF AN INTERMENT SPACE: Under New Jersey Law (N.J.S.A. 45:27), the right to use the remaining space passes automatically to specific family members or designated individuals. If the deceased owner left no specific rules or written instructions, the cemetery must permit burials in the space for the deceased owner, their spouse, or a person authorized by a written directive.

- The Cemetery shall not be obligated to issue a new Certificate of Ownership until the prospective owner delivers the certified copy of the probated Last Will and Testament of the former owner if one exists, Letters Testamentary or Administration issued by the applicable court having jurisdiction.
- All transfers of deeds or certificates will not be recognized unless registered at the Cemetery.

2.5 WORK PERFORMED REQUIREMENTS: No work shall be performed or permitted by the Cemetery on any interment space until all Cemetery charges, assessments, and liens have been paid in full.

- Any work to be performed by outside contractors on or at an interment space must be authorized by the owner and approved by the Cemetery office in writing prior to the work being performed.
- CERTIFICATE OF INSURANCE: If an independent contractor is retained to perform the work, the contractor must first present a current Certificate of Insurance from an insurance company authorized to do business in the State of New Jersey, and in such form as is satisfactory to the Cemetery (See Section 1.12).

2.6 LOSS OR DAMAGE; The Cemetery disclaims all responsibility for any delays, loss or damage arising from causes beyond its reasonable control, including but not limited to any delays, loss or damage caused by the forces of nature, an act of God, floods, earthquakes, hurricanes, fire or other casualty, common enemy, thieves, vandals, strikers, malicious mischief-makers, explosions,

unavoidable accidents, invasions, insurrections, riots, pandemics, labor disputes, governmental restrictions, governmental regulations, governmental controls, delay in issuance of permits, or an order of any military or civil authority, and regardless of whether the delay, loss, or damage is direct or collateral.

3.0 MAINTENANCE OF INTERMENT SPACES

3.1 ENFORCEMENT OF RULES AND REGULATIONS: The Cemetery reserves the right to initiate enforcement of its rules and regulations at any time and to remove any adornment or decoration that is unsafe, inappropriate, or offensive. In the event the area becomes unsightly, the Cemetery reserves the right to remove all adornments, decorations, and flowers.

3.3 PERPETUAL CARE/ MAINTENANCE AND PRESERVATION FEES: All plot, lot, grave, crypt and niche owners must pay Maintenance and Preservation fees based on the Cemetery's current prices for the Perpetual Care/Maintenance and Preservation fees that were not previously paid, before any current work will be performed on the grave.

- When transferring a grave or lot, the State of New Jersey requires that the new owner must pay the Maintenance and Preservation Fund the difference between the fees that were then assessed and the present sales price.

3.4 MAINTENANCE OF INTERMENT SPACES: Interment spaces shall be maintained.

- The "maintenance" of interment spaces shall include cutting grass on the graves at reasonable intervals, removing debris, and such work as may be necessary to keep the graves in good and neat condition.
- Maintenance shall ***not*** include watering the grass, replacement of any shrubs, flowers or plants, sodding or resodding, seeding, or reseeding of any interment space.
- The Cemetery is not responsible for the care and maintenance of flowers or plants that have been placed or planted on a grave/plot/lot by the grave owners.

3.5 LOSS OR DAMAGE: The term "maintenance and preservation" shall in no case be construed as meaning the maintenance, care, repair or replacement of any monument, granite or bronze marker or monumental structures or other embellishments or improvements placed or erected upon any interment space where damage was caused by any act other than that of the Cemetery including but not limited to loss or damage caused by the forces of nature, acts of God, floods, earthquakes, hurricanes, fire or other casualty, the common enemy, thieves, vandals, strikes, malicious mischief makers, explosions, unavoidable accidents, war, invasions, insurrections, riots, pandemics, labor disputes, governmental restrictions, governmental regulations, governmental controls, delay in issuance of permits, or an order of any military or civil authority, and regardless of whether the loss or damage is direct or collateral.

3.6 MAINTENANCE BY THIRD PARTIES: The owner of an interment space or his designated representative or contractor may perform his own maintenance of his interment space or spaces at his own expense, provided he first obtains written consent from the Cemetery.

- If an independent contractor is retained to perform the work, the contractor must first present a current Certificate of Insurance from an insurance company authorized to do business in the State of New Jersey and in such form as is satisfactory to the Cemetery (see 1.12).
- An owner who is given written permission to perform his own maintenance must remove and discard all debris resulting from the work at his own expense.
- Owners may not prohibit the establishment of grass on any grave spaces.

3.7 FLAGS: Flags are permitted on Veteran's graves for Memorial Day. They are prohibited at all other times. Flags will be removed the day after Flag Day on June 14th. Permitted flags are limited to U.S. flags, flags of Armed Forces branch of the United States Military, POW/MIA flags.

3.8 FLOWERS, PLANTINGS, DECORATIONS, URNS, FLOWER VASES:

- Only the amount of flowers that cover the interment space following a funeral service are permitted to remain for one week.
- Fresh flowers and potted plants six to ten inches (6-10") in width are permitted at any time.
- In-ground flower vases are permitted on either side of a Monument or Marker. They must be gray in color (or match the color of the headstone) and retractable (no bronze flower vases are permitted).
- No Artificial Flowers will be permitted during Mowing Season: May 1st until November 1st.
    - The Cemetery performs a Clean Sweep in preparation for Mowing Season May 1st.
    - Artificial Flowers and Decorations are permitted After November 1st until May 1st.
- Christmas Blankets: are permitted from December 1st to January 31st. On February 1st they are removed.
- Decorations for Easter, Mother's Day, Memorial Day, Father's Day, Fourth of July, and Veteran's Day will be removed after one week following the holiday.
- It is prohibited to remove grave blankets, plants, or flowers from another owner's lot, plot, grave.
- The Cemetery shall not be responsible for damage done by any person to the flowers, plantings, decorations, flower vases, and urns.
- The Cemetery shall not be responsible to maintain or preserve plantings. If they are not maintained, are overgrown, or are unsightly, the Cemetery shall remove them.

- Only 2 cremated remains are permitted to be interred in a single grave.
- In an occupied grave, only one cremated remains is permitted to be interred.
- In a columbarium only one cremains may be inurned in a niche.

4.11 CONCRETE VAULTS are required for all interments.

- The following are the requirements for Concrete Vaults:
    - A two-piece concrete vault with straight sides, with compressive strength of 4,500 pounds per square inch, and reinforced with steel wire.
    - Vault walls cannot be less than one-half inch in thickness.
    - No Flat Covers are allowed to prevent the natural collapse of graves over time that results in unsightly and potentially dangerous circumstances.
- It is the responsibility of the Funeral Director to notify the Cemetery of any oversized vault.
- All vaults must be placed by the vault company at least one hour prior to the scheduled interment.

4.12 VAULT FOR CREMAINS:

- All cremated remains interred in any grave must use a concrete, fiberglass or polymer burial vault.
- The Funeral Director must notify the cemetery in advance of the exact size of the vault.
- Only a standard-sized vault with maximum exterior dimensions of eighteen inches (18") by eighteen inches (18") by eighteen inches (18") is permitted in an *occupied* grave.
- Vaults in an *unoccupied* grave can exceed these dimensions.
- Any vault exceeding these dimensions in an *unoccupied* grave must be set and serviced by a vault company.

4.13 DEPTH OF INTERMENTS: All Interments shall be made at a sufficient depth to conform with the applicable New Jersey laws (N.J.S.A. 26:6-36).

- An interment shall be made within a single interment space unless otherwise allowed by the Cemetery.
- Closing of an interment space shall be performed at the discretion of the Cemetery under normal operating procedures.

4.14 CEMETERY DISCRETION OF GRAVE LOCATION: When instructions regarding the location of an interment in a lot, plot cannot be obtained without undue delay or cannot be obtained at all, or where the instructions given with regard thereto are in the opinion of the Cemetery ambiguous, or when for any reason the interment space cannot be opened where specified, the Cemetery may in its discretion open it in such location in the lot, plot as it deems best and proper, so as not to delay the funeral, and the Cemetery, its agents, and employees shall not be liable for damages.

The Cemetery will not be responsible for any order given by telephone or for any mistake occurring from the lack of precise and proper instructions as to the particular space, size of the casket, and location of the lot, plot, grave where interment is desired.

4.15 ACCESSING GRAVE: If the Cemetery shall move any memorialization necessary to perform an interment under normal operating procedures, it shall reinstall the memorial within a reasonable time.

At its sole discretion, the Cemetery may charge the interment space owner of the interment space on which the memorial is located the costs of moving and reinstalling the memorialization.

4.16 NO WARRANTY BY CEMETERY: The Cemetery does not make, and disclaims, any warranty regarding the materials, equipment, supplies, or personal property supplied or used by any person in the performance of an interment, vault installation, or memorial installation.

4.17 RELEASE OF LIABILITY: The Cemetery is not liable for any property damage, including damage to a casket and its contents, shrubs, plantings, grass, effigies, memorials, etc., or bodily injury sustained during the funeral service or interment. The Cemetery is not liable for the acts or omissions of any third party for any reason, including outside contractors.

4.18 SAFETY: Cemetery personnel will suspend any and all work in and around a grave space where funeral attendees refuse to remain at a safe distance from Cemetery equipment and personnel.

- When needed, Cemetery personnel will determine and direct attendees where to gather and remain while work is being performed.
- Depending on current weather, ground conditions, and circumstances beyond the Cemetery's control, safe and available access to grave spaces may be restricted.

4.19 PHOTOGRAPHS: No person shall photograph or record an interment, funeral service, memorial, or any portion of the Cemetery grounds without the prior written consent of the Cemetery and interment space owner. The Cemetery may photograph or record an interment, funeral service, memorial, or any portion of the Cemetery without the consent of the interment space owner. Cemetery reserves the right to stop all funeral service activities in the event this provision is not observed. Nothing herein shall preclude families from using FaceTime or other similar technology to allow remote viewing of a funeral service for persons who cannot attend the funeral service in person at the Cemetery.

4.20 VERIFICATION OF ACCURACY: If the interment space owner questions the accuracy of the location of an interment, the Cemetery shall agree to open the interment space for the purposes of verifying the accuracy of the interment location, provided, however, the interment space owner shall first pay the Cemetery's charges for the opening and sign an affidavit prepared by the Cemetery concerning the manner in which identification shall occur and containing a release, hold harmless and indemnification provisions. The identification of the location shall be made by observation of the casket by the Funeral Director who provided the service.

4.21 WELFARE BURIALS: The Cemetery does not accept welfare burials.

4.22 WELFARE INTERMENTS: The Cemetery will perform an interment for a Medicaid Funeral providing that the family will pay for the difference between the Cemetery’s opening charge and what is paid for by Medicaid

5.0 DISINTERMENT REGULATIONS

5.1 NO DISINTERMENTS ON SUNDAYS OR THE FOLLOWING HOLIDAYS:
Memorial Day, Fourth of July, Labor Day, Thanksgiving, Christmas, and New Years’s Day.

5.2 DATE/TIME OF DISINTERMENTS: Disinterments shall be performed at a date and time determined at the sole discretion of the Cemetery. If circumstances arise beyond the Cemetery's control, a disinterment may be postponed or canceled as late as the day it is scheduled.

5.3 AUTHORIZED INDIVIDUALS: Only the individuals who have been authorized by the Cemetery and are under the direct supervision of the Cemetery shall perform disinterments.

5.4 ADVANCE OPENING: The Cemetery reserves the right to open the grave/crypt and prepare the casket, vault, or urn 24 to 48 hours in advance of the scheduled date of disinterment up to and including the full removal and repositioning of the casket, vault, or urn.

5.5 WITNESS OF DISINTERMENT: No person except the interment space owner may witness a disinterment without the prior written consent of the Cemetery.

5.6 NEW JERSEY REQUIREMENTS PRIOR TO DISINTERMENT. Disinterment will only be allowed in accordance with applicable New Jersey Law

- Pursuant to a Court Order; or
- Written Authorization is obtained as follows:
    - The surviving spouse, adult children, and the interment space owner authorize the removal of remains from the interment space in writing; and
    - The removal is authorized by a permit issued by the local board of health.
- Feasibility: The Cemetery management reserves the right to determine that the removal is feasible in accordance with N.J.S.A. 45:27-23.
- Supervision by a Licensed Funeral Director: Except in a disinterment resulting from a court order in connection with a criminal investigation, supervision by a Licensed Funeral Director is required in accordance with N.J.S.A. 13:36-8.10.
- Communicable Diseases: Bodies dead from specific dangerous communicable diseases are subject to additional restrictions under New Jersey law and may only be removed in accordance with N.J.S.A. 26:6-38.

5.7 CEMETERY REQUIREMENTS PRIOR TO DISINTERMENT: The Cemetery requirements include all of the requirements set forth in Section 5.6 and the items listed below:

- Payment in full of all charges prior to the Disinterment in the form of a certified check, cashier’s check, money order, bank check, credit card, or debit card.
- Feasibility: The Cemetery may refuse to perform the disinterment at any point if it determines, in its sole and absolute discretion, that disinterment is not feasible, including but not limited to a situation which will endanger the health and/or welfare of the Cemetery, its employees, representatives, members of the public, or the public good.
- A release of the Cemetery from all liability arising out of the disinterment, removal, and reinterment. The Cemetery is not liable for:
    - Any property damage, including damage to a casket, vault, memorial, shrubs, plantings, grass, effigies, etc., or for bodily injury sustained during the disinterment
    - The acts or omissions of any third party for any reason, including outside contractors
    - Damage to the contents of any casket or to adjacent lots

    - Mental anguish, shock, or intentional or negligent infliction of emotional distress arising out of the disinterment
- The Cemetery does not make any warranty regarding the materials, equipment, supplies, or personal property supplied or used by any person in the performance of a disinterment, or memorial reinstallation, including embellishments, and disclaims any express or implied warranty.

5.8 NEW JERSEY REQUIREMENTS FOR DISINTERMENT OF CREMATED REMAINS: Disinterment of cremated remains from an Interment Space will only be allowed in accordance with applicable New Jersey Law. See Section 5.6.
:
5.9 CEMETERY REQUIREMENTS FOR DISINTERMENT OF CREMATED REMAINS: In addition to the legal requirements under applicable New Jersey law as set forth in Section 5.6, the Cemetery has the following additional requirements for the disinterment of cremated remains:

- Payment in full of all charges prior to the Disinterment of Cremated Remains in the form of a certified check, cashier's check, money order, bank check, credit card, or debit card.
- A signed form releasing of the Cemetery from all liability arising out of said authorization, disinterment and removal (hold harmless agreement). See Section 5.7.
- The Cemetery will only disinter cremains in a vault that is designed for cremains. The Cemetery is not responsible or liable if it is not feasible to disinter cremains or if buried cremains cannot be located or identified.

5.10 DISPOSAL OF VAULT AND REMAINS: If a disinterment is requested, the interment space owner shall be responsible for the disposal of the concrete vault.

- Except for cremated remains, the Funeral Director shall be responsible for arranging for the transfer of any human remains from their original container.
- If a disinterment requires the removal of a concrete vault or any other container the Cemetery chooses not to handle, the interment space owner shall arrange at his own expense to have a vault company assist the Cemetery in the disinterment.

5.11 TRANSFER OF OWNERSHIP REMOVAL REQUIREMENTS: If the interment space owner shall transfer ownership of the interment space after the disinterment to the Cemetery, the interment space owner shall be required to remove any memorials, shrubs, trees, and the like at his own expense prior to the disinterment.

5.12 RIGHT TO PRECLUDE REUSE: Based on ground conditions and other circumstances beyond the Cemetery's control, the Cemetery reserves the right to preclude the subsequent reuse of the grave position from which the casket or vault was disinterred. The position would no longer be usable for future interments.

5.13 PHOTOGRAPHS: Except as may otherwise be permitted by law, no person shall photograph or record a disinterment or any portion of the Cemetery grounds without the prior written consent of the Cemetery and interment space owner. The Cemetery may photograph or record a disinterment, or any portion of the Cemetery, without the consent of the interment space owner. Cemetery personnel will stop all disinterment activities in the event this provision is not observed.

6.0 CREMATION REGULATIONS

6.1 NO CREMATIONS ON SUNDAYS OR THE FOLLOWING HOLIDAYS:
Memorial Day, Fourth of July, Labor Day, Thanksgiving, Christmas, and New Years's Day.

6.2 CREMATORY HOURS OF OPERATION:

- Monday – Friday 8:00 AM to 4:00 PM, and
- Saturday 8:00 AM to 1:00 PM.

6.3 ADVANCE NOTICE: Call before leaving the Funeral Home/Cremation Society so Crematory personnel can meet the Funeral Director upon arrival to provide a Receipt for the Remains. If there are special circumstances, advise the Superintendent so that accommodations can be arranged.

6.4 ACCESS TO THE CREMATORY: For security, free access to the Crematory is not permitted

6.5 NEW JERSEY CREMATION REQUIREMENTS: All cremations shall be conducted in accordance with State of New Jersey requirements for cremation, which include:

- Mandatory 24-hour waiting period after the time of death
- Completed death certificate signed by a doctor or medical examiner
- A Burial/Transit Permit
- Written authorization from the legal next-of-kin or designated agent
- Licensed Funeral Director is legally required to accompany the body to the crematory

6.6 CEMETERY REQUIREMENTS: No cremation shall take place unless the Cemetery's authorization documents are completed in their entirety and signed, and a burial/transit permit is received by the Cemetery. When delivering the Remains of the Deceased, before a cremation can take place:

- The remains must be delivered by a Licensed Funeral Director who confirms the identity of the deceased. The Cemetery is not responsible for the identification of any remains.
- All remains must be properly identified: The following must be written on the top of the casket/container: the name of the decedent, the date and time of death, and the funeral home.
- Delivery of the Burial/Transit Permit
- The following signed forms:
    - *Laurel Memorial Park, Inc. Authorization for Cremation and Disposition* Form: Must be signed by the next-of-kin or designated agent and the Funeral Director
    - *Laurel Memorial Park, Inc*. *Receipt For the Remain*s Form: The delivering Funeral Director must sign.
- Payment for Cremation by The Funeral Director: No cremation shall take place until all Cemetery fees, charges, assessments and other obligations of any nature are paid in full except for funerals involving public assistance and other special circumstances as may be determined by the Cemetery in its sole and absolute discretion.

6.7 AUTHORIZATION/LIABILITY:

- The Cemetery shall rely on the truthfulness of the authorizations and permit and shall not be liable to any person for any reason if any part of the authorization or permit is false.
- The person authorizing the cremation shall indemnify and hold the Cemetery harmless for and from any claim by any person arising out of the falsity of any part of the authorization.

6.8 NEW JERSEY & CEMETERY CREMATION CONTAINER REQUIREMENTS:

- A totally enclosed, leak-proof casket/container
- Rigid Construction: The unit must provide a rigid, secure platform to safely support and transport human remains.
- No Non-Combustible Hardware: All exterior handles, metal ornaments, or hardware that would interfere with the retort or cause visible emission releases shall be removed.
- Combustible Materials only: i.e. constructed of wood, cardboard, or corrugated fiberboard
- New Jersey law explicitly forbids the cremation of any casket or container which has a zinc liner or is made of copper, bronze, fiberglass, plastic, Styrofoam, or Polystyrene. N.J.A.C. 13:44J-9.5.
- The casket shall contain only the human remains, clothing or wrappings, and interior lining of the casket.
- The Funeral Director must remove all valuables such as rings and jewelry or any other material that may interfere with the cremation process prior to the delivery of the human remains to the Cemetery.

6.9 PACEMAKERS, DEFIBRILLATORS, RADIOACTIVE IMPLANTS, AND THERAPEUTIC SEEDS MUST BE REMOVED PRIOR TO DELIVERING THE DECEDENT TO THE CEMETERY:

- The Cemetery will not cremate human remains containing radioactive implants, defibrillators, radioactive implants, or therapeutic seeds.

6.10 MANDATORY DISCLOSURE AND LIABILITY:

During the arrangement process, the legal next of kin must sign a Cremation Authorization Form. This document legally requires the family to disclose if the deceased had any battery-operated or radioactive implants.

- LIABILITY: If a family fails to disclose a known device and it damages the crematory or otherwise causes injury to the Cemetery or any other person, the family or authorizing agent can be held personally liable for all damages and injuries.

6.11 OPENING OF CASKET: No person, except for the Funeral Director or Cemetery personnel, may open the casket once received by the Cemetery.

6.12 PERFORMANCE OF CREMATION: Only Cemetery personnel shall perform cremations.

6.13 REFUSAL TO PERFORM CREMATION: The Cemetery may refuse to perform a cremation if it will endanger the health and/or welfare of the Cemetery, its employees or representatives, or the public good in the sole and absolute discretion of the Cemetery.

6.14 TIME OF CREMATION: Cremation shall occur within a reasonable time after the human remains to be cremated are delivered to the Cemetery. Human remains awaiting cremation shall be stored in the Cemetery's storage facility. If there is a dispute over whether the cremation should occur or the Cemetery is properly served with a court order stopping the cremation, the Cemetery may impose a storage fee until the cremation occurs or the human remains are otherwise disposed of.

6.15 WITNESSING OF CREMATION: The person having the right to control the disposition of the human remains along with members of the decedent's immediate family may witness the placing of the casket/container into the cremation chamber with the approval of the Cemetery. One person may engage the cremation unit under direct supervision by personnel of the Cemetery. The authorizing agent shall assume all liability for those witnessing a cremation.

6.16 PHOTOGRAPHY: No person shall photograph or record a cremation without the prior consent of the Cemetery. The Cemetery may photograph or record a cremation without the prior consent of the person authorizing the cremation or Funeral Director. Cemetery reserves the right to stop all cremation activities in the event this provision is not observed. Nothing herein shall preclude families from using FaceTime or other similar technology to allow remote viewing of a cremation for those who cannot attend in person at the Cemetery.

6.17 RECOVERY OF REMAINS: The Cemetery shall endeavor to recover as much of the cremated remains as reasonably possible during the cremation process. The Cemetery shall deliver the cremated remains in accordance with the directions given by the person who has the right to control the disposition of the human remains. Noncombustible material other than human remains and separable ash shall be removed and disposed of by the Cemetery.

6.18 COMMINGLING OF REMAINS: The Cemetery shall not cremate more than one human body in the cremation or primary chamber at the same time. Due to the nature of the cremation process, inadvertent commingling may occur and this is unavoidable.

6.19 PICK UP OF CREMATED REMAINS: The Cemetery shall place the cremated remains in a Temporary Receptacle.

- The cremains are identified with a metal identity disc inside the Temporary Receptacle showing the decedent’s cremation number and with a label attached to the outside of the receptacle with the name of the decedent, the date of cremation, and the identity disc number.
- If the family requests separating the cremains into multiple receptacles, the funeral home is responsible.
- Only the Funeral Director, a family member designee, or the person having the right to control the disposition of the remains at the Cemetery in accordance with the Cemetery's authorization form shall be authorized to pick up the cremated remains. This individual must sign the Receipt of Cremains form.
- If the cremated remains are not obtained within 30 days following the cremation, the Cemetery shall impose a storage charge which will be required to be paid prior to the delivery of the cremated remains.
- The Cemetery shall not store cremated remains beyond the time imposed by law and thereafter shall dispose of them in its sole discretion as permitted by law.

6.20 MAILING OR SHIPMENT OF CREMATED REMAINS: The Cemetery does not mail/ship cremated remains.

6.21 CREMATION OF DISINTERRED REMAINS:

- Twenty-four-hour (24) notice is required prior to delivery for the cremation of disinterred human remains.

- The delivery to the Cemetery of the disinterred human remains will be scheduled at the Cemetery's discretion.
- The Funeral Director shall be responsible for removing all dirt, soil, or any other absorbent material prior to the delivery of disinterred human remains for cremation.
- If a vault was not used for the original interment, the remains must be transferred to an air-tray.

7.0 MEMORIAL REGULATIONS

7.1 DEFINITION: A memorial shall be defined as a grave monument, marker, bronze plaque, private mausoleum, or other private structure used for memorializing the dead.

- A grave memorial is a general term for any marker identifying a burial site, such as a flat plaque or standard headstone to remember or honor a person who has died.
- A monument is a larger, custom-built vertical structure used to honor an individual, couple, or an entire family.
- Headstones/Markers are functional stones used to identify exactly where someone is buried (name, date of birth, date of death, brief epitaph). They include flat markers that sit flush with the ground and slanted markers.

7.2 CHARACTERISTICS: The Cemetery has the right to determine the material, color, size, and the degree of uniformity of all memorials. All memorials must be granite except in bronze plaque sections.

7.3 MEMORIAL REQUIREMENTS: To place a memorial on a plot, lot, grave or to inscribe an existing monument the consent of the lot owner or authorized representative is required. The installation or alteration of a memorial is not permitted until the signed Laurel Memorial Park, Inc. Memorial Application has been submitted and approved by the Cemetery and all Cemetery fees and charges are paid in full. Before commencing any work on the installation or alteration of a memorial, the memorial (monument/marker) company must submit a completed and signed Laurel Memorial Inc. Memorial Application for the Cemetery's approval which contains the following:

- Type of work to be done, a sketch of the memorial to be erected, and the inscription indicating the name of the deceased or lot owner
- Width, thickness and height, and type, finish and color of the base and the die
- Name, address and signature of the applicant (purchaser/owner/authorized representative)
- The applicant must represent that he is the owner of the lot or have the consent/authorization of the owner of the lot to place a memorial on the grave or to inscribe the existing monument. [If it is determined that the applicant did not have the consent of the lot owner to place or inscribe a memorial on the grave, the applicant shall remove or replace the memorial at his sole expense]

In the case of a Veterans Bronze Plaque, the Cemetery coordinates with the lot owner and the Veterans Administration.

7.4 RELEASE OF LIABILITY IN CONSIDERATION OF THE CEMETERY ACCEPTING THE MEMORIAL APPLICATION:

- The applicant does hereby relieve, release and discharge the Cemetery, its successors, or assigns, from any and all liability or responsibility for any error or mistake that has been made

in recognizing the applicant as the only person or persons entitled to place the memorial on the grave.

- The applicant agrees to hold the Cemetery, its successors, or assigns, free and clear and harmless from any and all costs, claims, and damages, if any, that may arise from the placement of the memorial on the grave or inscribe an existing monument. The applicant acknowledges that he is signing the application with his correct legal name and that the applicant is the same person as any other name documented or disclosed to the Cemetery.
- In no event shall the Cemetery be Liable/Responsible for the following:
    - The location or position of the memorial, or damage done to it.
    - Either the accuracy of any names or dates, or the positions on any monumentation.
    - Damage done to memorials, vases, porcelain or ceramic pictures, etched memorials or any memorial deemed to be particularly ornate or fragile.

7.5 INSURANCE: The memorial is the personal property of the Lot Owner and insurance should be considered for its protection.

7.6 MEMORIAL INSTALLATION REGULATIONS:

- Memorials may only be set Monday through Friday from 9:00 AM. to 3:00 P.M. Monuments may not be set on Saturdays, Sundays, Cemetery Holidays, or during adverse weather conditions. If in doubt, call the Cemetery office.
- The Cemetery will not accept the delivery of any memorials from a common carrier.
- The company submitting a memorial application will be held responsible for the actions of any agents it hires to perform the work.
- Setting vehicles are not permitted off the designated roads in any section.
- No work related to memorials shall take place in the vicinity of an interment service.
- The Memorial Setter is responsible for restoring the setting area to its original condition. All debris must be removed from the Cemetery.
- Headstones/Markers/Bronze Plaques that do not conform with the Memorial Application will be removed by the Cemetery and will remain in storage until all payments or fines are paid.
- Memorials shall not be removed from the Cemetery by the Monument dealer without prior written authorization by the Lot Owner or a court order filed with the Cemetery
- In the event that rigging equipment is necessary to set a memorial, a pre-installation conference with the Cemetery is required.

7.7 TEMPORARY MARKERS**:**

- Temporary Markers shall be no larger than 6 inches wide x 12 inches long x ¾ inches in height, installed either flush with the ground or with a stake no taller than 12 inches high.
- They should contain the name, year of birth, and year of death of the deceased.
- All temporary markers are allowed for a period of six months from the date of interment.
- The Cemetery recommends the markers include the grave location for identification purposes.
- The Cemetery is not responsible if temporary markers are stolen, damaged, or misplaced.

FOUNDATIONS

7.8 FOUNDATIONS: A foundation will be installed by the Cemetery for all memorials. The Cemetery reserves the right to excavate for and build all foundations. The size, type, method of construction, and materials used shall be determined by the Cemetery. Any planting or embellishment that interferes with the installation of the foundation will be removed without any liability to the Cemetery.

MONUMENTS

7.9 MONUMENTS: All monuments must be granite and one foot thick.

- The front and back must be finished the same.
- If a lot has an existing marker, the monument on that lot must be the same color.
- The base of the monument must be at least 10 inches but no more than 12 inches in height.
- The sides of the base cannot be polished or beveled.

- Monuments on a *four-grave lot*:

  - The maximum die may be no more than 6 feet 6 inches long by 3 feet 6 inches high by 1 foot thick.
- Any monument larger than the maximum on a six-grave lot must be submitted to the Cemetery for approval.
- Flower vases are *only* permitted in the following circumstances:
  - On a burial lot as part of the monument if they are the same material as the monument and are no more than 12 inches high and not less than 7 inches in diameter with walls that are 2 inches thick, or
  - On either side of a Marker if they are gray in color (or match the color of the marker) and are retractable vases.

MARKERS

7.10 MARKERS: All markers must be granite and must match the exact size, shape, and color of every other market on the lot. No flat granite markers are permitted.

- If there is a monument on the lot, the marker must match the color of the monument.
- Only one marker is allowed on each grave.
- The required size is: 24 inches long, 12 inches high and 12 inches thick.
- EXCEPTION: Section CC markers must be 1 foot 4 inches high and centered on two graves.

BRONZE PLAQUES

7.11 Sections A and B allow only Bronze Plaques, including Veterans Bronze Plaques.

- INSTALLATION: is solely the responsibility of the Cemetery.
- Only one bronze plaque is allowed on each grave.
- No bronze plaques will be accepted unless accompanied by the long brass stud installation kits.
- No Bronze Vases are permitted.
- VA Form 40-1330 (Claim for Standard Government Headstone or Marker) must be completed and submitted to apply for a government furnished Veterans bronze plaque.

8.0 PUBLIC COLUMBARIUM

8.1 RIGHT TO ENFORCE RULES AND REGULATIONS: The Cemetery reserves the right to initiate enforcement of its rules and regulations at any time and to remove any adornment that is unsafe, inappropriate, offensive, or unsightly.

8.2 BRONZE NICHE PLATE: Only a bronze name plate that complies with the Cemetery's requirement of size, color and script is permitted.

8.3. PERMITTED INFORMATION ON NICHE PLATE: The only permitted information on the niche plate is the name of the deceased, the year of birth, and the year of death.

8.4 NO OTHER DECORATION OR EMBELLISHMENT may be applied to the exterior of any niche or to the face of the columbarium.

8.5 NICHE FRONTS REMOVAL: Niche fronts shall only be removed by Cemetery personnel during normal working hours. No person shall open a niche without the consent of the Cemetery.

8.6 FLOWERS AND POTTED PLANTS: Only artificial fresh flowers and potted plants are permitted at the base of the columbarium and will be removed when they become unsightly. See Section 3.8.

9.0 PRIVATE MAUSOLEUMS

9.1 RIGHT TO ENFORCE RULES AND REGULATIONS: The Cemetery reserves the right to initiate enforcement of its rules and regulations at any time and to remove any adornment that is unsafe, inappropriate, offensive, or unsightly.

9.2 SITE, LOCATION, GRAVES: The site, location, and graves which are designated for mausoleum lots shall be decided by the Cemetery.

9.3 CONSTRUCTION PLANS: A complete set of construction plans must accompany the mausoleum application for review by the Cemetery. All mausoleums must be properly vented. Work cannot commence on the mausoleum until approval is received from the Cemetery. A construction agreement is required.

9.4 PRIVATE TRUST FUND: All private mausoleums must establish a private trust fund for their future maintenance. Trust fund charges are available upon application.

9.5 FRESH FLOWERS, ARTIFICIAL FLOWERS, AND POTTED PLANTS: Only artificial and fresh flowers and potted plants are permitted. They will be removed when they become unsightly. See Section 3.8.

9.6 PROHIBITED OBJECTS: No fences, concrete benches, trees, shrubs, plantings, banners, shepherd's hooks, windchimes, pinwheels, stones of any type, or glass items may be placed/erected on mausoleum lots. Any unapproved objects will be removed at the expense of the owner.
